DSLR Intro Exercise

Shoot a sweet 80's music video using the following shots.

For each change in settings, make sure to adjust other settings to get the right exposure.

- Improper white balance
- Proper white balance
- ISO 100
- ISO 6400
- f stop all the way open, static shot
- f stop all the way open, following a moving subject
- f stop almost all the way closed, static
- f stop closed, following a moving subject
- rack focus
- Neutral Colors
- Landscape Colors
- User Def Colors
- 1920 24p (have your subject do some kind of fast action that would be cool in slow motion)
- 1280 60p / shutter speed 30 (do another cool slow motion action)
- 1280 60p / shutter speed 400 (do the same slow motion action as above)
